As a parent, your child's safety is important to you. No parent wants to have their children waiting at the bus stop any longer than they need to. You don't want them standing by the side of the road in the cold or rain, or exposed to risks on days when driving conditions are less than favorable.

You also; however, don't want them missing the bus.

With **Here Comes the Bus®**, you and your children will now know when your bus has entered your neighborhood. With a customizable map you can see in real time exactly where your children's bus is. And with your smartphone or tablet you can even customize the **Here Comes the Bus** app to send you notifications when your bus is near, or to let you know when there has been a schedule change.

What **Here Comes the Bus** can do for you:

- Show the real-time location of your child's bus on a map.
- Track multiple buses if your children don't all ride the same bus.
- Know exactly when your children arrive at school, or the bus stop.
- Give scheduled and actual arrival times at bus stop and school for AM and PM routes.
- Provide push and email alerts when the bus is near.
- Your account is password protected.
- Available in English, Spanish and French.

**Right Bus.  
Right Stop.  
Right Time.**

FIND YOUR BUS
